

SUMC Weekly Construction Update

- On Monday 4/10 we will shut down part of the hallway by the kitchen. The temporary Women's room will remain accessible but the travel path will be through the back hallway. The barricades will come down by mid-day Thursday and the hallway will be fully accessible through the weekend.

- Throughout Easter weekend, the Men's room will continue to serve as a temporary Women's room. Men will be directed upstairs or if they need fully accessible facilities, they should be directed to the temporary toilet on the west sidewalk. Your help with guiding visitors is appreciated.
